

GET READY FOR THE FAIR!

Of course You are Coming to the Fair.

When you do, if you miss Moore's specials you will miss the biggest exhibit
We have a complete line of everything to be had in a first-class department store.

Practically everything in our entire stock was bought before the rise and we are in position to sell cheaper than our competitors who bought later.

You will save money at this store.

Watch this space next week for special Fair Bargains.

MOORE & COMPANY, Inc.

Nitrogen as nitrates	0.33
Total Solids	63.07

Bacterial indications of contamination

Remarks: Analyses indicate water to be of good quality and free from contamination.

J.L. Parker, M. D.

TO THE EDITOR OF THE NEWS & HERALD.

Please allow us space in your valuable paper to say a few words about our church work. We planned a rally for Oct. 5, 1919 which was yesterday. We are glad to say that we raised \$242.80 to build a new church, we are greatly in need of a church-house, and our friends know it and they showed it by the way they aided us in the rally. We, the members and the official board of the St. Luke Baptist Church, Greenbrier Community, turn many thanks to both white and colored who helped us in this rally, hoping that they will not forget us in the next go round. Of course, this will be a foundation, but we are our friends to stand by us.

Your humble servant,
R. C. Caldwell.
T. Young,
Rockton, S. C. Route 1

AROUND THE WORLD WITH THE AMERICAN RED CROSS. In Siberia.

Possibly the most important Red Cross work in Siberia, and one which most demands the continuance of operations there, is the campaign against typhus. Over a stretch of 4,000 miles the American Red Cross has fought the scourge. Here is seen "The Great White Train," an anti-typhus installation which, with its crew of doctors and nurses and cargoes of drugs, food and cleansing apparatus, has saved the lives of thousands.
